### Areas of Expertise

- 3D Modeling and Rendering
- Visualization and Conceptualization
- Architectural Animation & Presentation
- Virtual Reality
- Dedication and Punctuality
- Client Collaboration

### Professional Experience

Leos International Development  
Freelance 3D Artist

Jun, 2023 - Present

Served as a Designer Assistant and 3D Visualizer, specializing in creating high-quality renders and animations for a variety of property designs, including towers and villas in Dubai and projects in London.

<https://leosdevelopments.com/>

Self-Employed  
Freelance 3D Artist

Mar, 2018 - May, 2023

During this period, I worked with a diverse range of clients, including architects, real estate developers, and interior designers. I provided high-quality 3D renders and animations tailored to their specific project needs.

Shaar Designing Group Office  
Senior 3D Artist and Architect

Dec, 2012 - Feb, 2018

Gained valuable experience working collaboratively on interior and exterior design projects. Prepared comprehensive documents, including data, plans, and 3D models, to effectively present designs to client

Dr. Memarzia Office  
Junior 3D Artist and Architect

Feb, 2009 - Nov, 2012

Collaborated with a team to collect data, draw comprehensive construction plans, visit sites for design assessment, and create detailed 3D models of designs.

Jahan Nama Shahr Raz Consulting Engineers  
Internship Trainee

Jan, 2008 - Jan, 2009

I completed an internship program with hands-on training in architectural design and drafting.

## Education

MSc in Architectural Engineering (Master's degree)	Sep, 2012 - Feb, 2015
Azad University Science and Research Boushehr Branch	GPA 17:19 out of 20
BSc in Architectural Engineering (Bachelor's degree)	Sep, 2004 - Feb, 2009
Azad University - Shiraz Branch	GPA 17:13 out of 20

## Achievements and Activities

Tutorial Contributor	2024
I was invited to write a tutorial for VWArt, the leading online community for Architectural Visualization.	
Skillshare Workshop	2020
Created and published instructional workshop tutorials on "Skillshare.com", specializing in realistic interior rendering using Corona Renderer, covering modeling through to final presentation.	
Evermotion Editor Choice	2019
Awarded Evermotion.org "Editor Choice" for several projects	
International Conference Publication	2014
International Conference Essay Publication: Architecture's Therapeutic Role through Natural Light	

## Software Skills

### Modeling

- 3ds Max

### Productivity

- Microsoft Office

### Rendering

- V-Ray
- Corona

### Architectural Animation

- Vantage
- Lumion

### Architectural Drafting and BIM Modeling

- Autocad
- Revit
